PLAID® gallery glass®

Create Realistic Stained Glass Effects

Windows, Doors, & Decor

Create a realistic stained glass look by painting directly on your projects!

Choose from a variety of vibrant colors and paint on your surface vertically or horizontally.

Easily peel and reposition your design or create a permanent piece of glass art.

Pair with Gallery Glass tools, pattern sheets, surfaces, and paint sets to make your glass projects look like real stained glass.

Simply Outline with Leading & Fill with Color!

Stained Glass Effect Paint Glow

Gallery Glass Glow-in-the-Dark Stained Glass Paint brings a radiant glow to windows and décor. Emphasize glass art with neutral, glowing pigments for an illuminating opaque finish. Charge in sunlight or indoor light to capture a glowing, glass-like effect.

- Glow pigments illuminate projects
- Recharge in sunlight or indoor light
- Vertical and horizontal application
- 2 oz, easy-squeeze bottle with fine-tip applicator
- Water-based, non-toxic

PLAID® gallery glass®

NEW!

Stained Glass Effect Medium Crackle

Add a vintage look to glass projects with Gallery Glass Crackle Medium. This one-step fine crackle medium allows you to create a realistic cracked glass effect. Simply brush this unique formula over dried Gallery Glass paint to achieve a realistic weathered and worn look.

- Goes on milky white, dries to a clear crackle finish
- Apply with a brush over dried Gallery Glass paint
- 2 oz, easy-squeeze bottle
- Water-based, non-toxic

PLAID® gallery glass®

NEW!

Stained Glass Effect Paint Faux Etch

Create the look of real glass etching with Gallery Glass Faux Etch. Simply sponge this unique formula onto your glass projects to create beautiful glass art. This permanent formula can be used with stencils or tape on glass and plastic surfaces.

- Permanent on glass
- Sponge-on application
- 2 oz, easy-squeeze bottle with wide mouth
- Water-based, non-toxic

PLAID® gallery glass®

NEW!

Etching Cream

Use Gallery Glass Etching Cream to permanently etch glass surfaces. This formula is dishwasher safe once dried and rinsed, making it the perfect medium for glasses and dishware. Combine Etching Cream with Gallery Glass Liquid Leading for one-of-a-kind patterns and designs. Simply outline with Gallery Glass Liquid Leading, apply the Gallery Glass Etching Cream onto your surface, remove the leading once dried, rinse, and reveal.

- Permanent on glass
- Dishwasher safe
- 2.98 oz bottle

PLAID® gallery glass®

Liquid Leading

For intricately detailed stained glass designs, use Gallery Glass Liquid Leading! Use this versatile stained glass paint to simulate the look of real leading lines in your faux stained glass designs. Each bottle of Gallery Glass Liquid Leading comes with an easy-to-use applicator tip allowing for clean and smooth lines.

- 3-D paint creates dimensional lines to simulate stained glass leading
- Convenient applicator tip
- Easy-squeeze bottle
- Water-based, non-toxic
